

DEVON COUNTY AA SELECTION POLICY FOR CROSS COUNTRY EVENTS

Selection criteria are as in UKA Handbook, including the points below.

All athletes wishing to be considered for selection are required to register to enter the Devon County Cross Country Championships.

In the case of cross country the athletes placed first to sixth in the County Cross Country Championships will be selected by right for both the SW Inter Counties and the National Inter Counties Championships and, if they are all competing, will occupy the first six places in the starting pen in finishing order. The rest of the team will be selected according to the selection policy below and will draw lots to decide their positions behind the first six in the pen.

For the South West Inter Counties Championships

If, for good reason, athletes who entered were unable to compete in the County Championships, performances in other cross country races during the season will be taken into consideration by the team manager when selecting the other team members for the SW Inter Counties. The maximum number of athletes in the team is 10.

For the National Inter Counties Championships

The other team members will be selected according to their finishing positions in the SW Inter Counties Championships. The maximum number in the team is 8.

PLEASE NOTE

Selections will be made on the information available. It is up to individual athletes, clubs, and coaches to let the County team managers have details of athletes' performances during the season

TRAVEL

Details of travelling arrangements will be in the selection letter from the team manager.
